SANTA CRUZ SHOULD LEARN LESSON FROM REDWOOD CITY

The Santa Cruz Sentinel commenting on the article in the Times-Gazette last Saturday concerning the shipbuilding plant to be established in this city says:

The private ship yards of the San Francisco Shipbuilding Co. are to be located in Redwood City. This was made known when W. Leslie Comyn, president of the company, notified E. T. McGittigan, secretary of the chamber of commerce, that his concern would locate in Redwood City where the concrete ship Faith was built by that company.

The shipbuilding company asks that the tracks to the water front be ballasted, a good harbor front and good water supply be guaranteed. In return the company promises to employ 1000 men at the plant. The chamber of commerce has set about with enthusiasm and are backed by the people of Redwood City to secure the concessions required by the concern.

Mr. Chilcott presented the petition to the trustees and that body passed a resolution providing for the election. At the request of Mr. Chilcott the board of supervisors took the necessary steps to release the land to the city. The hearing has been set for July first. After that the trustees will call an election for annexation which will be about July 16th. Shortly after that a bond election for \$75,000 will be called to secure funds to make the necessary improvements required by the company. There is no doubt but that the bonds will carry.

Within 30 days the shipbuilding company will have men here at work on the new concrete ships. The company has contracts for eight government vessels and two for a private concern. All will be constructed here. More than 1000 men will be engaged in the work.—Times-Gazette.

For 50 years Redwood City, San Mateo Co., has unceasingly struggled to make that commonwealth a manufacturing center. Many times it seemed to have the prize within its grasp, to find later nothing but ashes in its hands. But it has never entirely despaired, and today the tide may turn in its favor.

Sixty-five years ago Redwood City was the greatest point on the Bay of San Francisco for the shipment of redwood lumber, cut in the Santa Cruz mountains, and in recognition of this fact was named "Redwood City." At this early date Redwood City was the largest town in San Mateo Co. But by 1870 this traffic had disappeared, and for thirty years the town's growth was at a standstill, the towns of San Mateo, Daly City, and South San Francisco, passing it in population and wealth.

As a manufacturing center Redwood City has the advantages of cheap railroad and schooner transportation, nearness to San Francisco and cheap land, and the indomitable spirit of a people who have faith in their commonwealth as a manufacturing city. They have never yet said: "We quit."

Santa Cruz was once the leading shipping point on the Bay of Monterey, we except none, but let that fact pass. We must cease backward turning and for old time yearning, and take advantage of present and prospective advantages.—Santa Cruz Sentinel.

This week David Flynn, local agent for the Ford automobile, sold a Ford ton truck to Henry Lown, the commission man.

REDWOOD SALOONS WILL CLOSE WITHOUT BLOWOUT

The initiative ordinance adopted by the people of Redwood City last spring will go into effect on Sunday night at 12 o'clock. The closing of the saloons will not be attended by any noise or celebration, the saloon men preferring to go out without any demonstration whatever. No doubt all the resorts will be filled by many who desire to take the last drink before the curtain drops forever on the Redwood saloon.

ATTORNEY JOSEPH HOGE OUT FOR JUSTICE OF THE PEACE

For the first time is a good many years, Millbrae is represented in the political circus this term. Joseph Hoge, San Francisco attorney, son of Judge Hoge, both residents of Millbrae, has cast his beaver into the arena and will be a candidate for justice of the peace in the First Township at the August primaries. Justice of the Peace John F. Davis, incumbent in the First Township, has announced that he wants to do war work and will not compete with the ambitious on August 27th.

Attorney Hoge is a brother of the late Bell J. Holliman.

REYNOLDS WITHDRAWS AS CANDIDATE FOR ASSEMBLYMAN

Since announcing my candidacy for the Assembly from the 42nd Assembly District, I have discovered that I can ill afford to absent myself from my business for the length of time necessary to conduct a successful campaign. I therefore take this opportunity of announcing my retirement. As my candidacy was committed to favorable action on the Rominer Bill at the coming session of the Legislature, and as our present representative in the Assembly is not in sympathy with that measure, I am disposed toward this proposed legislation and who can spare the time for and stand the expense of a campaign will come forward while there is yet time and take up the fight for this legislation which means so much to California.

F. A. REYNOLDS.

ANNOUNCEMENT OF HUGH S. HERSMAN FOR CONGRESS

I herewith announce myself as a candidate for Congress in the Eighth Congressional District of California, subject to the action of the members of the Democratic Part at the Primaries.

I was born in Maryland in 1892. My paternal grandfather was born in Kentucky in 1793, of Holland-Dutch stock; by maternal grandfather was of Scotch-Irish parentage.

I have been a resident of the State of California and of this Congressional District for thirty-seven years, and have engaged in farming, fruitraising and dairying for twenty-five years. During that period I have also served on the Board of Supervisors of Santa Clara county, from which position I retired to become President of the First National Bank of Gilroy. For four months, during 1917, I was chairman of the Organization Committee that formed the greatest cooperative marketing association in this district, The California Prune and Apricot Growers.

I herewith submit a declaration of the principles which will guide me should I be selected at the primaries and subsequently elected to represent this Congressional District in House of Representatives:

(1) I pledge myself unreservedly to the prosecution of the war until Germany is beaten. I favor no peace except that which will insure continued and lasting safety for all peoples great and small. To this end I pledge my loyal and unwavering support to the President of the United States in the war measures announced by him.

(2) I pledge myself to support every step toward the reconstruction of our social and economic life after the war, so that all of our people shall easily adjust themselves to the new conditions, and so that no one shall be saddled with an unjust burden, but that the costs shall be distributed in accordance with the relative ability of our people to pay.

(3) I believe that the immediate cost of the war should be placed upon the shoulders of those profiting from the conflict. I believe, with the President of the United States, that the financial burden should be distributed equitably between the present and future generations. I will support a graduated income tax and vote to increase the excess profits tax on the manufacturer of munitions and war supplies.

(4) I pledge myself faithfully to support a constructive program to aid and adjust those who shall have become incapacitated through service in the army or navy of the United States.

(5) I endorse the course of the President of the United States in taking over the great railroad systems of the country and I believe that the Congress of the United States should enunciate the policy of retaining possession of these railroads, not only during the war, but for all time thereafter.

(6) I consider the encouragement of all producers to be of supreme importance. I pledge myself to support every just measure designed to encourage the farmers of the United States in their loyal efforts to meet the universal demand for food. I believe that the most certain means of encouraging the producers of the nation lies in extending throughout the United States the doctrine of cooperative associations which has had such a far-reaching and beneficial influence on the life of California.

I endorse the efforts of the Federal Government to bring about more intelligent distribution of the man power of the United States available for agriculture and will do whatever lies in my power to carry forward and perfect free employment bureaus.

HUGH S. HERSMAN.

ATTORNEYS TO TAKE MONTH'S VACATION DURING JULY

The superior court will not hear any contested cases during the month of July. It is the custom for the attorneys to take a vacation at this time of the year and July has always been selected as a favorable season. James T. O'Keefe made the motion on Thursday for the bar association and Judge Buck granted the motion. The court calendar will be called as usual on Thursday but no contested cases will be taken up. The attorneys are planning to leave Redwood City for the greater portion of the coming month.

REALTY INVESTORS TIMID ABOUT BUYING PROPERTY

The annual sale of property for delinquent taxes took place in the tax collector's office on Thursday, A. McSweeney acting as auctioneer. No more than half of the property advertised for sale was disposed. Unlike former years there was no bidding or raising of the realty offered. Only a few buyers were present. The choice parcels were sold for the taxes without any bidding whatever. There was no competition among the intended purchasers. The sale will continue from day to day for several days so that those desiring the remaining parcels may have same by paying the delinquent tax.

ern Pacific Railroad, Western Pacific Railroad and the State Highway Commission, and is now employed by the Shaw-Batcher Co., of South San Francisco. He has studied law for the past 3 years, attending night school in San Francisco, which should help him for the position he seeks, if elected. Mr. Thompson hopes to see all the electors of the Township before election.

Sturla, O. P. of Seattle and Sister M. Carmilla, O. S. D. and Louis Sturla. The funeral took place on Thursday. The deceased was a devout holy man who was beloved by all who knew him. He had been a resident of San Francisco for many years.

ASSEMBLYMAN F. L. ESKWARD ANNOUNCES HIS CANDIDACY

Assemblyman Frank L. Eskward has announced his candidacy for reelection and will seek both the Republican and Democratic nominations at the primary on August 27th. He has been busy lately with several large promotion enterprises for the San Mateo County Development Association and therefore has not had much time to start his campaign, but during the next month he says he hopes to visit all sections of the county. The many friends and supporters of Assemblyman Eskward are confident that he will be returned to the State Legislature by a large vote.

Suit to Partition Real Estate

John J. Montevardo has brought an action in the superior court against Minnie Loughery and others to partition a parcel of land at Pescadero and 20 lots at Halfmoon Bay. There are several heirs to the property, who cannot agree upon a proper division of the property. The plaintiff requests that if the land cannot be divided satisfactorily then it be sold and the proceeds divided among the respective owners.

FIRST NAT. BANK DESIGNATED DEPOSITORY OF PUBLIC FUNDS

The First National Bank of Redwood City has just been informed by the Treasury Department that it has been designated as a depository of the United States for public funds. The appointment comes without solicitation which is certainly a great distinction. Any community should be proud in having in its midst a bank so highly thought of by the United States Treasury Department. The First National Bank is owned and controlled by local people.

Pat O'Brien to Visit Redwood City

Pat O'Brien, the noted aviator, whose thrilling escape from the Germans was printed in book form and published in all the daily papers recently, will be here next week on a visit to Professor Bryant. He was taken prisoner by the Germans and on the way to the prison camp he jumped from a train and after many narrow escapes he found his way into Belgium, going from there to England. Pat O'Brien is a resident of Richmond. He is now an instructor at the Dallas aviation field. O'Brien arrived in San Francisco on Thursday. He may make a few flights while here.

REDWOOD FAR EXCEEDS ITS \$50,000 ALLOTMENT

Yesterday was National War Savings Day and as usual Redwood City went over the top with her quota. The amount allotted for Redwood City was \$50,000 and it is believed the pledges secured will far exceed that sum. At 6 o'clock last night over \$51,000 in pledges was accounted for. When all the cards are read it is believed the pledges will run up to \$55,000. The committee in charge of the drive worked assiduously and every member on it is deserving of the thanks of the people of Redwood City. The committee is composed of the following citizens: P. E. Chamberlain, Joe H. Nash, A. D. Walsh, Dan Stafford, J. F. Johnston, J. B. Perry, R. F. Chilcott, Z. T. Thorning, E. W. Florence, M. J. Knox, and D. F. Flynn.

The amount allotted to the county is \$600,000. From reports received last night from all parts of the county indicate that considerably more than that sum had been pledged.

Thomas T. Wiseman, the county director, worked hard to achieve this result. He was ably assisted in the work by Lee T. Ross, his first assistant.

Mrs. Zoe Thorpe and her daughter Fay are spending a week at the seashore at Santa Cruz.

TRUSTEES MEET AND AWARD LICENSES IN CLASS A AND B

The board of town trustees held an adjourned meeting on Wednesday evening. All the members were present and transacted considerable business. On motion of M. E. Ryan, seconded by Trustee McNulty, the following persons were granted Class A liquor licenses provided they pay \$500 insurance for same: Q. E. Stafford, W. H. Warren, G. C. Plump, John A. and George A. Genochio.

The following persons were granted Class B liquor licenses: Mrs. Julia P. Bernasque, Eureka Restaurant, Paris Restaurant, Del Monte Hotel, Europa Hotel and the Redwood City Hotel Company. All voted for these applicants with the exception of M. E. Ryan who voted "no."

The sum of \$240 will have to be paid in advance to the clerk before the licenses will be issued. There is one permit to be granted. This no doubt will be awarded at the next meeting of the council.

The Pacific Gas and Electric Company was granted permission to set poles on Foothill Boulevard on motion of Ryan seconded by Kreiss.

Resolution of Award No. B-3, fixing streets in Wellesley Park was granted by the unanimous vote of the board.

On motion of McNulty, seconded by Ryan, S. Crozier was granted permission to move Anderson's shoe shop from the present site to the corner of Main and Phelps street. He was also granted the privilege to install a gasoline tank for service at the corner of Main and Maple streets same to be under the supervision of the fire chief.

On motion of Ryan, seconded by McNulty, the city pledges itself and guarantees to the San Francisco Ship Building Company the construction of a street to the water front and to supply water to the ten acre tract owned by the company at the harbor front. This action was taken by the unanimous and enthusiastic consent of the board. The company will now go ahead with its ship building enterprise and work will start early next week.

The final closing of all the saloons in town will take place on Sunday night at six o'clock. It was thought that the time might be extended until 12 o'clock when the initiative ordinance adopted by the people last spring goes into effect. The board decided to have all saloons closed at the usual time.

DISTRICT ATTORNEY REPLIES TO SEELY COMMUNICATION

District Attorney Franklin Swart makes the following reply to the communication appearing in this paper last week signed by Judge Seely:

"The justice is indeed careless with the truth. In the first place he says that I requested the Board of Supervisors to investigate his methods. Every member of the Board and perhaps twenty men present know that this is not true. The testimony of a witness opened up the entire matter and, thereupon, the Board requested the investigation.

"He quotes statements from my report which are not there.

He asserts that I stated that the War Stamp fines are legal. This is not true.

"He intimates that we desire to get the money paid for War Stamps from the coffers of the United States Treasury. This, of course, is not true. We shall be most happy to see the judge sell War Stamps wherever he possibly can, but we object to any policy in his court that is in direct opposition to reasonable requests of the military authorities at Camp Fremont. We object because the buying of a War Stamp and keeping the same is no punishment of an offender, but is but a privilege, and we object because the traffic problem demands a more adequate enforcement of the law.

"The justice says that at a trial of two wire thieves 'interned German sailors,' 'fugitives from justice' that I said, 'I hate to prosecute such honest, good-looking Germans;' and this the justice gives to the public as an explanation of our opposing his methods of enforcing the law. Just think of it! An 'intern' being in Seely's court. The Government keeps them locked up, and again, a man on trial in the justice court being a 'fugitive from justice.' Does the justice himself deem his court as a place of refuge from justice? The fact is, and the justice docket will show it, that we have not had a wire stealing case in Judge Seely's court since October, 1916, long before our country declared war.

"He next charges that within the last two weeks in a store in Redwood City I made a certain statement against the food restrictions. This is a direct falsehood. Here is what I have found out. Last week a certain candidate for county office went into a certain store and tried to get the proprietor to say that I made certain statements. She told him it was not true and she would not say any such thing. This candidate then told her he could get a certain person, whom he named, to say that I had made such a statement. This person is a near relative of a certain man whom I recently prosecuted for not supporting his minor children.

"The justice next makes a direct charge that I took \$600.00 in fines and intimated that this money has not been accounted for. He does not give the names of the cases, the dates or anything in particular. Hence it is rather difficult to make a reply in particular. In any instance, Judge Seely's intimations are absolutely false. Fines are not paid to the District Attorney. I never handled one cent of fines in any hog case. I venture to say further that not one cent of any fines was misappropriated by any other official. If Judge Seely has facts to the contrary let him file charges at once. I will waive any statute of limitations and any technical defense, and call in any prosecutor Mr. Seely may name, or otherwise let Mr. Seely present his charges to the Attorney General at once. The records of this county will indicate that the Attorney General will prosecute a District Attorney whom he considers corrupt. I, therefore, challenge Justice Seely to present his charges to the Attorney General or to file charges against me or any other person that he has facts to prove that we have been corrupt."
